# Nighthfall in India

Spain

in development

*Year of production:* Nov-Dec 2010*Duración:* 90 min.*Format:* Super 16 mm./35 mm.*Location:* Spain, Romania, Irán and India.*Budget:* 1.5 mill. Euros.

RICARDO (45) has decided to travel overland to India, as he used to do in the old days, crossing Europe, Turkey, Iran and Pakistan. The problem is that he has been in a wheelchair for ten years, suffering from a degenerative disease which is now in its final stage. He wants to die in India. He is accompanied by DANA (40), his Rumanian housekeeper, who has been looking after him for seven years with incomprehensible dedication and affection. It is a relationship marked by Ricardo's provocations and Dana's atavistic patience. Two solitary beings to whom life still owes something. The journey will become the alibi for paying it off.
